

## KECB Newsletter-July, 2022

We wrapped up our Great American Cleanup events with our June 11 Recycling Event. KECB had 17 reports to enter for this annual Keep America Beautiful event that runs from mid-March to mid-June. Our totals were impressive with-

88 people volunteering

237 volunteer hours

16 public spaces (includes roadways, parks, waterways) cleaned up which equaled over 21 miles

2590 pounds of tires collected

1721 pounds of litter collected

4 events were from Adopt a Road organizations

10 events were spontaneous, initiated by individuals who saw the need

Most events were from 1-3 hours in length

Jordan Glaze and her father visited with us at our June Board Meeting. We wish her the best in her studies and hope she will let us know how she is faring. College is a busy life!

The Feather project now has the veneer facings applied and it looks almost finished! We still have to add the names of all the donors who helped to bring this fruition and fill the spaces for a more finished look. We are now working on a self-driving trail that will enable you to see some of our unique granite products. We are still looking for places to add, so if you know of anything, let us know.

The 17/72 Intersection is starting to show off its white crape myrtles right now!

Coming up in July we have-

**July 12-** KECB monthly meeting. 10 W. Church St. beginning at 5:30. All are welcome.

**July 20-** Mid-month litter pickup if it is not too hot! Email will be sent.

**July 23-** KECB will be participating in the SWAT Back to School event at the Civic Center

Photos that follow are of Jordan Glaze during her visit to KECB meeting, June 11 Recycling Event, and the "Feather" nearing completion.
