KECB Newsletter-February, 2024

Litter-January always seemed to be too cold or too wet to do much in the way of litter pickups but we hit the jackpot on the 31st! We had cancelled our original mid-month pickup because it was too cold. A last minute suggestion to hold one on the 31st looked like a good idea. 4 volunteers only needed an hour to pull up more than **40 tires** and over 50 pounds of trash on Oglesby Blvd between MLK Blvd and Willie Black Rd.!!!

Beautification- At this time of year we are watching our plantings to see what needs pruning and if anything looks like there is a problem with injury, pests, etc.

Membership- As of January 31 we have 60 new and renewing members! If you would like to become a member just call (706-567-0481) and leave a message or email us at kecbeautiful@gmail.com. Being a member does not mean you have to actively participate in our activities. Your membership shows your support by helping to fund our new and ongoing projects in the areas of litter prevention, beautification, and education/scholarship. The more support we have, the more we can do for our community.

Education- January's activities for the 4H Elevate Club were all about the 3 R's (Recycling, Reusing and Reducing). 11 students took part in a litter pickup on the grounds of ECMS, answered questions in a spin the wheel game and also participated in a fast paced quiz bowl type of activity. Each student also received a booklet with additional activities to take home.

Volunteer Spotlight- This will be a new area in our newsletter that we hope to recognize people who selflessly help us. Send us your recommendations. Pictured below are some our great volunteers!
