

KECB Newsletter-July, 2026

Litter – Several litter pickups happened in June. The poundage ranged from 4-200 pounds. Our streets and roads are better looking for our great volunteers work! Thank you to 9 Lions Club members who cleaned up Petersburg Rd. The length of Church St in Elberton was tackled by 7 Kiwanis Club members. The VFW and Aux. with 5 members made Country Club Rd look so much better. Donna Dixon was involved in several cleanups this month including areas around MLK Blvd and Elmhurst, and spearheading a short clean up at Nancy Hart Cabin in preparation for America's 250 birthday! We also know there are many of you that regularly clean up around your business or property and are not recognized. THANKS!!!

Beautification- KECB spent time working on some beautification projects including 17/72 intersection and the Library.

Membership- We have 90 members at this time.

Education- School is out but we are looking forward to working again with the BETA Clubs and 4H ELEVATE group again. If there is any other way we can help the schools- please let us know!

Other- -At our last Recycling Event we took in 5 tires and 39 TV's and computer monitors.

-Several board members toured the Athens Clarke County recycling center. We are hopefully going back to see the CHARM center where they collect items for teachers.

-We participated in the Juneteenth Parade in Elberton with our Bowman area partners, Blight Bandits.

-We are applying for a shortened version of the **Tire Amnesty** event to be held October 17 and 24.

More info on this is coming later, but start saving your old tires!

-Are you looking for a challenging part-time position with flexible hours? The Executive Director job for KECB is available. The job description is on our website or you can request one by calling or emailing us.

Coming up in July we have- **Welcome to any and all volunteers! -call (706-567-0481) or email (kecbeautiful@gmail.com) us to find out how you can be involved.**

July 14-KECB monthly meeting at 5:30, in our office.
