Qualifying Environmental Activities and Projects

1. Participation in one (1) or more land or water cleanups, community greening or planting projects or other KECB-sponsored activities
2. Organize a cleanup of public park, cemetery, boat ramp, etc. in Elbert County. Members should pick up and report their results at least three times during the school year.
3. Create and complete a simple project related to recycling, litter reduction or beautification to benefit ECCHS or an organization, park, or other outdoor area in Elbert County.
4. Design and complete a simple survey related to recycling, pollution, or resource conservation in Elbert County. For example, a survey could collect information about recycling attitudes, habits and behavior of ECCHS students, or some other group. Then compile and describe the results and discuss the significance of the results. The survey can be conducted in any format, including an on-line survey using social media.
5. Design and complete a project for Keep Elbert County Beautiful, such as an awareness campaign related to recycling, litter, pollution, or another topic carried out at ECCHS or in the community. For example:
 - a. Write a series of brief articles for the Elberton Star, your school newspaper, or the KECB website or Facebook page aimed at students and/or adults
 - b. Create a Video Public Service Announcement or other short production that would be of local interest using ECCHS equipment or personal equipment.
6. Design and complete a landscaping or planting project at ECCHS with other students, sponsored by a club or class, or with volunteers in the community.

NOTE: All activities or projects must be described, documented, and completed by the Scholarship application deadline.

Applicants are invited and encouraged to work with ECCHS (or college) faculty member, Beta Club (for their community service requirement), or with a KECB Board Member or the Executive Director to plan and complete their project or activity.
